## Living with peace of mind

Logandale is the perfect location for business people. You can enjoy peace of mind knowing that your home and possessions are being protected by security management patrols and full perimeter fencing. With the high incidence of theft from building sites, builders appreciate the security of Logandale. There is also the benefit of your own personal security. Child safety too, is further enhanced by the design of the road system.

## On the beautiful Logan River

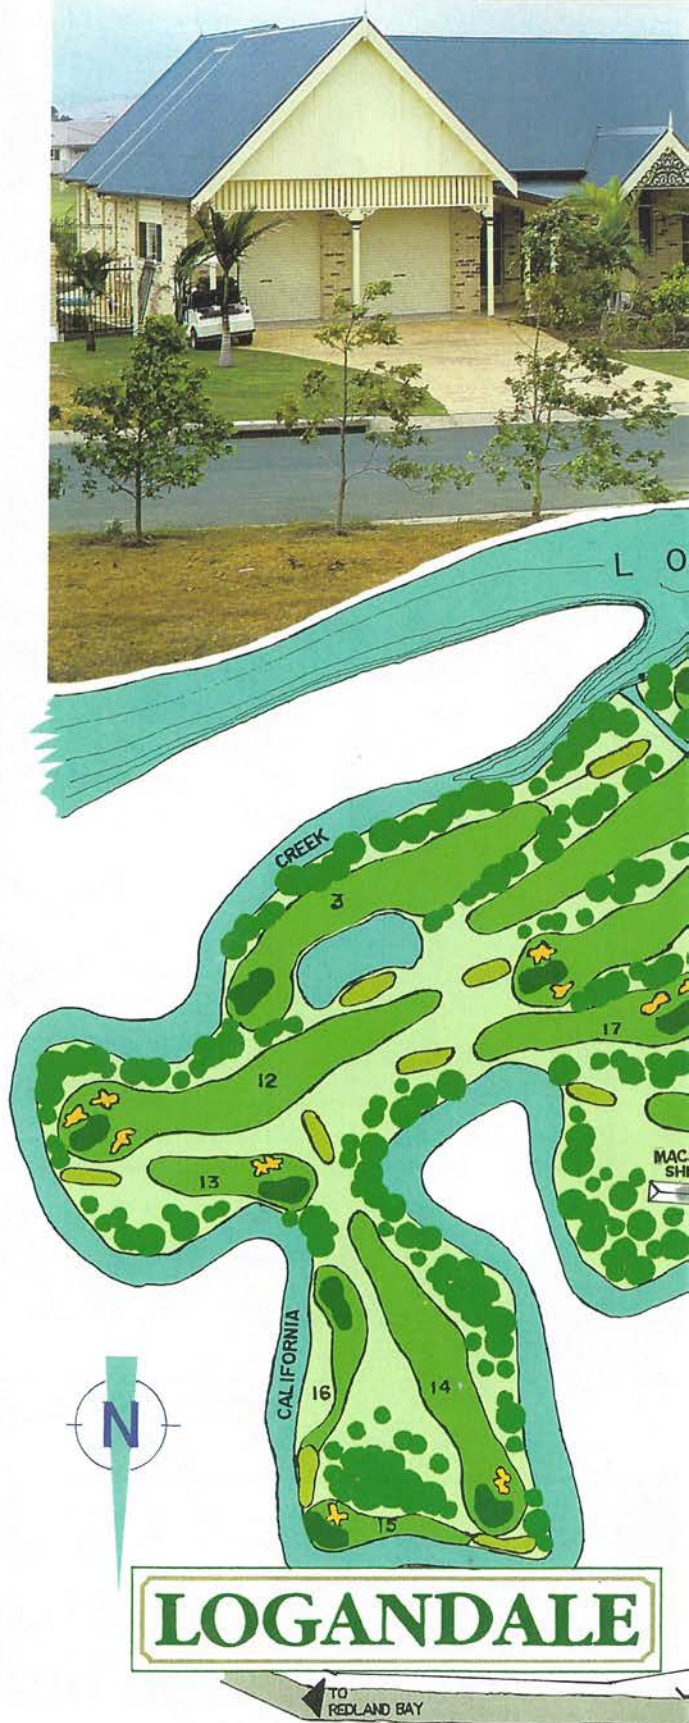

Logandale is approximately 220 acres of well-planned, fully secured estate, bordering onto one of the prettiest reaches of the Logan River, a perfect setting for families to relax and enjoy their recreation.

## Resident Facilities

Facilities for the exclusive use of residents include tennis courts, swimming pool, recreation centre and parklands by the river. Plus membership of the golf course.

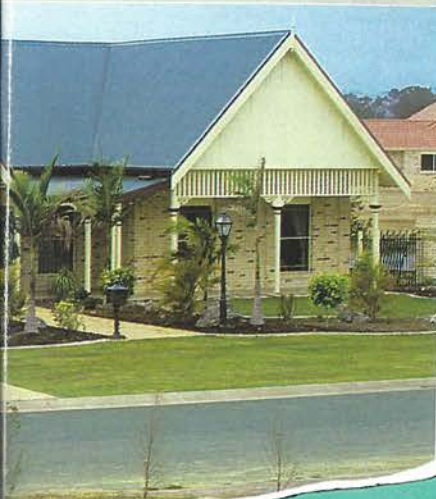

Logandale Country Club planned facilities include 18-hole executive golf course, tennis courts, pool, bowling greens. Enjoy a round of golf after a hard days work without that long drive home. Great for business relations or entertaining friends.

You can see it all around you, in the homes, the people and the lifestyle. Logandale continues to set high standards in residential living with superb architectural home design. Fully secured prestige living and investment protection.
